

CBC November Prayer

AFRICA

P (Sudan) November 17, 2021

Please pray:

- The political situation in Sudan
- My son is studying in Lithuania and needs to finish residency issues and scholarships.
- Some projects for 2022:
 - evangelism crusades
 - leadership training
 - church planting
 - training Discipleship groups

SOUTH ASIA

Abraham & Laura (Philippines, USA) October 29, 2021

- Please pray for the provision of someone to take up my administrative role at IGSL and smooth transition.
- Please pray that the dogs would be cleared for taking to the US. It is an arduous and nerve-wracking process. If either is denied, there is no appeal.
- Please pray for God's provision for housing in Waco and NYC.
- Please pray for stamina and wisdom in the selling/giving of most of our things here, and the shipping of books and personal items back.

November 23, 2021

We have reached an impasse in bringing our dogs back with us. Many of you have prayed for Lego's travels in years past. Asia, a lab a year older than Lego, joined our family after we moved to the Philippines. The US has a temporary ban on the import of dogs from countries with high rabies incidence, including the Philippines. There are a few exceptions however, and we fit them to a tee. We are returning US citizens with our personal pets, they both have good rabies titers from an approved lab, we have all their records of immunization, and we are flying into an approved airport with an import permit. BUT, just when we think that we have it all settled out, we get turned down by Japan Airlines Cargo in Manila and told "there is a ban". We need wisdom, favor, and help! We bought our tickets after being told that this would work, but now we are being given a runaround again. It is stressful. We don't have a good plan B for the dogs and there are very few airlines we can try. There are many more details about why this is complicated, but suffice it to say that we have very few airlines to work with, and only about a 10 day window in which to fly the dogs at the end of December.

We urgently need your prayers for the Lord to open a door to bring the dogs back with us.

T & J, J - Deshi's Hope (Bangladesh, NYC) November 29, 2021

- For unhindered travel to Bangladesh and for safe travel within Bangladesh. We will be flying and traveling by car to our village mission stations. Travel in Bangladesh is always hazardous.
- For a fruitful and impacting time of ministry in BD including: 1) the saints will be encouraged and newly inspired to persevere under persecution and be a courageous witness despite hostilities against them, 2) spiritual discernment in charting new strategies for evangelism and managing persecution threats and consequences, 3) spiritual discernment in how to build-up and further grow the mission of the gospel in BD, 4) that we be a source of refreshment and new equipping of our pastors and their wives, 5) our witness to the unbelievers.
- That we not contract Covid and that we all get negative Covid test results in BD so that we can return to the States. The majority of the people are not vaccinated and those vaccinated have a weak Chinese vaccine. Also pray for our health there.

WEST ASIA

J & S (Beirut, Lebanon) October 31, 2021

- Pray that we will be bold in spreading the message of Christ.
- Pray that we will be led by wisdom and given words of the Holy Spirit.
- Pray that the gospel of Jesus Christ will take hold of this land and turn the hearts of its leaders from stone to flesh.
- Pray that our language skills will continue to improve.
- Pray for an uninterrupted school year for Hannah and Caleb as well as their physical and spiritual well being.

M & S - ELAM (Iran) October 28, 2021

- For Amira's long-distance ministry to those in Iran.
- For her husband Hossein who has not yet come to Christ.
- For more Iranians outside of Iran to come to faith and then reach many in their homeland with the Gospel.

A & E (Turkey) November 16, 2021

- praise God for our incredible staff all throughout this country who are helping to reach and discipling people.
- praying for Tckr: God continues to meet him, mature him, and help him find his place in the Turkish Church.
- Pray, also, for the many others in this country who still have never met a Christian personally, or who are wrestling with how to live with the knowledge and reality of Jesus Christ.

- **Would you please pray for William?** Kids in 6th grade can be mean, and he and his 2 best friends have been the target of the bullies in his grade. It has really affected him socially and also in school.
- He appears to be struggling both academically and socially. We are considering the different ways we can help him: **pray that God would give us wisdom, lead us and provide for us!**

MIDDLE EAST

R & R (Jerusalem) November 13, 2021

Please pray for us to discern God's will for our purpose in life is to bring glory and honour to the name of JESUS CHRIST our Lord; for He had opened several doors for us here, but we closed them because our hearts are still in Jerusalem. We communicate with the church there every single day. So far humanly speaking we have been operating on the principle that we are needed there more than we are needed here. May God's will be done.

NORTH AMERICA

G & E (UN, USA) November 24, 2021

Praise

- We are rejoicing over the work of the Holy Spirit in the lives of so many leaders of nations to convict them to be God's instrument in the lives of their people.
- The number of leaders of nations who are willing to explore faith in Jesus or who, as believers, want to live lives of obedience to Him.
- The privilege of being able to walk alongside these leaders in their journey toward Eternity.

Prayer Requests

- God will use the current challenges we are facing in this country and our world to cause us all to bend our knee before Him in humility, acknowledging our dependence upon Him.
- Among those heads of nation we are pouring into, God would raise up one who would lead his nation in becoming a model and inspiration to other leaders watching their lives so that they would also seek the blessing that comes from obedience to our Lord. We see heads of nation inching closer to that commitment. Let us pray that it will happen in our lifetime and speed our Lord's return.
- God will protect our healthcare workers who are serving to protect us.
- God will use the coronavirus pandemic to open the eyes of those in leadership to their need for the help that only God can provide.
- Wisdom for us as we seek to meet the spiritual needs that we are seeing.
- Our Lord will continue to provide the finances through His children undergirding an aggressive outreach to our world's leaders.
- Safety and health for the whole Christian Mission for the United Nations family, including supporters, Board and the Allen family.

Brunel (NYC) November 23, 2021

- pray for the Brooklyn and Staten Island Area as we seek to plant two new chapters next year and hire two new staff members.
- pray for me as I raise an additional \$28,000 to continue the work through the 2021/2022 season.

Dot (Colorado) November 18, 2021

- PRAY for the issues with the native Americans - many young (age 14 to 17) women are being kidnapped on the reservations and in urban areas and sold into sexual slavery or worse (used once and then murdered).
- Also, I keep getting skin cancers mostly on my face. In fact, I just had #67 removed. Please PRAY that these would stop.

LATIN AMERICA

Susan & Abner (USA, Latin America) November 24, 2021

- The successful online Good News Clubs and teacher training are still conducted all over Latin America.
- The completion of the first Children's Ministry Institute (CMI) Spanish online course – Teaching Children Effectively Level 1.
- The wonderful regional staff He continues to develop and use.
- The successful monthly zoom meetings to encourage, train and challenge national leaders, staff and volunteers.
- The doors opened up for travel enabling Abner to make important trips to Mexico and Dominican Republic.
- The very successful 3-month stay of May – the Argentine called to help Puerto Rico. Several churches were excited about restarting their children's ministry. We trust God will guide in acquiring a visa for her soon return and longer stay.
- The itinerant Bolivian missionary who dedicated 3 months to help develop the ministry in the Eastern part of El Salvador.
- The forming of a regional prayer committee effectively uniting the 20 countries to pray every month since starting in September.
- The successful Christmas Party Club trainings being held in many countries
- The **CMI** (repeatedly postponed due to COVID) is on track to begin January 16 in the Dominican Republic. It will last only 10-weeks, as the 20 students have completed two weeks online.
- The ability to continue caring for Mom – even with her progressing limitations.

Thank you for sharing in these results. May God continue to bless us with thankful hearts for HIS great love for us and also for the lost. Although the battle may be fierce, praise God for the power of prayer. We are so thankful for your continued partnership.

Wishing you a **very blessed Philippians 4:6 Thanksgiving,**
